

# invisua lightport

## Specifications

### Connectivity

Input voltage	9-12 VDC, invisua power adapter only
Ethernet (LAN)	UTP
Control interface (design scenes)	Invisua Create Web-app ( <a href="http://create.invisua.com">create.invisua.com</a> )
Control interface (select scenes)	Built-in webpage ( <a href="http://my.invisua.com">my.invisua.com</a> )
Control signal to lamps	Proprietary RF (2,4 Ghz)
DMX in	DMX512-A, push-in connectors
DMX out	DMX512-A, push-in connectors
DMX termination	120Ω termination built-in (selectable)
Scene triggering	Via external input

### Mechanical

Dimensions (W x H x D)	135x35x90mm (excl. antenna)
Housing material	Aluminum
Color	Black
Weight excl. power supply	350 gr.

### Environmental

Ambient temperature	-10 .. 35°C
Ingress protection	IP20
Maximum humidity	90% non condensing

### Warranty and Compliances

Warranty	2 years
Compliances	CE, RoHS
